

## SMARTLID® MAKES TANK MONITORING EASIER AND MORE RELIABLE.

Featuring Otodata® technology in our durable design, this integrated lid and tank monitor is easy to install and offers reliable monitoring that will keep your service calls to an absolute minimum.

# SMARTLID®

### EASY TO INSTALL.

The lid arrives with the monitor pre-activated, making installation in the field quick and easy with no tools needed.

### EASY TO USE.

With a strong signal, long battery life and a convenient user-friendly app, you'll never be far from the accurate tank level information you need.

### EASY TO SELL.

SmartLid offers as many benefits to your customers as it does for you. And since it fits our 420-pound heating tanks already in your inventory, you'll be able to transform your existing product line in ways that will boost sales and separate yourself from the competition.

# LESS GUESSWORK. LESS HASSLE. LESS SERVICE CALLS.

The integrated lid and tank monitor created with you in mind.

## FEATURES

- Waterproof polypropylene casing
- Long-lasting lithium thionyl chloride battery with super capacitor
