

LEVEL UP YOUR REMOTE TANK MONITORING

Rest assured with SureSense™ gauges in your Worthington Enterprises tank. Paired with our SmartLid® tank monitor, SureSense makes sticking mechanical gauges and inaccurate readings a thing of the past.

SureSense features:

-  No moving mechanical parts
-  Easy-to-read digital reading on LCD display
-  10-year battery life
-  BLE wireless technology for simple telemetry connection
-  Easy in-field replacement of electronics module
-  Rugged polycarbonate housing
